## Fire Destroys Barn At Dippel Farm

## WEST NOTES

At about 10:30 p.m. on Monday night the fire siren let go with a wail to summon fire-fighters to the Mose Dippel farm in S.W. Didsbury where a large barn was taking punishment from that ever-alert element we know as fire.

## EAST NOTES

Total loss has not yet been estimated.

Didsbury fire-fighters were on the scene shortly after the alarm and aided by neighbors were able to save surrounding buildings which were very much in danger of being destroyed.

## Ramblin'

We are now in the New Year. Time has passed and the New Year will not meet with the approval of some who scan this column. But we have reasons (and we make that plural) for our, could we say, forward statement.

Each year at this time we read, hear and over-hear what a good year it has been. The sad side of the year's story never seems to enter the picture.

We want to be a little different (we usually are) and suggest that more effort be applied to:

### Roads:

The promised hard-surfaced road from No. 2 highway into town.

The better maintenance of town and municipal roads.

The problem of hot-rods (or whatever you want to call them) that have been endangering the lives of people who want to live.

### Sport:

The resurrection of hockey in Didsbury, with local players, not high-priced outsiders. The talent is here, the interest should be here; let's support the lads who play for free.

The roarin' game needs no needlin', that all happens when the rocks start to slide. (At this time the management of the Law rink refuse to discuss the question of a re-play on an earlier protest).

The skating schedule and supervision during the hours the "wee ones" are on the ice could stand a change for the better.

### National and International:

The report says income tax is to be reduced this year. This we cannot disagree with.

The hordes who are shooting those of their own kind in far-off countries gain no sympathy from this corner. We've seen too much of that way of life.

### Change in Trend:

Guess maybe we should stop beefing and wish our readers and friends a belated wish for a very Happy New Year and trust it will treat you in the way you want it!

### NEW TRICKS FOR 1956

In a local store a friend suggested that I might learn to mend my own socks. To this I replied, "You can't teach an old dog new tricks." Not being a professional animal I cannot vouch for the accuracy of that statement. My own conviction is that old dogs will learn new ways of behaving, when it becomes clear to them that in some way the new attitudes some craving or urge of their nature.

We wish every one a "Happy New Year." This is not a wish for 24 hours of happiness only, but for 365 days of happy living. But those of us who cannot look back on 365 days of happy living will surely need to learn some new and better way of meeting life, and what it has for us, during 1958. Without some new element in our behavior we are not very likely to enjoy all life's good things during this new year on which we have now entered. It ought not to be forgotten that the materials out of which happy lives are woven are all around us all the year through. We are more responsible that anyone else both for our happiness.

Often people say "I can manage my business. If that were not so I could not stay in business, but I cannot manage myself, my personal and home life." Such people are willing to hire experts; they get the best advice possible; they study the latest and most up-to-date methods, and follow high business ideals in their particular line. In their personal and home affairs they seek no help; they follow no methods consistently, new or old; they cherish no high ideals, and they assume no responsibility for the kind of people they are. In this field they learn no new good. Were they to act the same way in their business matters they would be as utterly unhappy and unsuccessful there.

From where does the larger portion of our unhappiness come? Let us be honest about this. Does it not come, 98 percent of it at least, from trifles? Water glasses will get wear out. Girls dresses will get knocked over. Boys' shoes will be soiled. Water pipes will freeze. Phones go out of order; trains come late, car horns honk, roosters crow and people talk. On why continue?

In the life story of Dr. Carver one of the world's leading scientific minds, there is a paragraph about how he laid out the walks at the Tuskegee Institute. He did this with great skill. But the people did not walk on the paths as he planned them. So he sat down one day and watched to see where people did walk. Then he changed the locations of the paths to suit the people. He then seeded all the rest of the

In the Estate of DOROTHY BERTHA WOOD, late of the Town of Didsbury in the Province of Alberta, deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named deceased, DOROTHY BERTHA WOOD who died on the 27th day of June A.D. 1955, are required to file with Henry P. Calvon, the undersigned Solicitor, on or before the day of January A.D. 1956, a full statement duly verified of their claims and of any securities held by them, and that after that date, the Executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been filed or which have been brought to their attention.

DATED at the Town of Olds in the Province of Alberta, this 8th day of December A.D. 1955.

rounds with grass and flowers. Just the year 1956 you and I will have to choose to make the necessary adjustments to defeat life's evils; adjustments to defeat life's evils; if be many of these, or even in a state of unhappiness, frustration and pain.

The New Testament names one in which is unforgivable. That is an sin against the Holy Spirit. It is a man's unwillingness to recognize in sin. It is the tendency to dress that which is deadly in a form of respectability. Happiness is no make believe experience. Health is no make believe experience. Health is the experience man enjoys when all the organs of the body have had complete and proper direction and use, so that all function as the God of all nature purposed they should. Happiness is the experience man has, when spiritually his entire being functions continually in harmony with the purposes and laws of God. Man so functions only when he makes full use of that Grace which is alone sufficient for these things. What better has life to offer than this happiness which is of God.

An outstanding violinist said in a public address many who wish: have been among the world's best violinists fill only secondary places because they started so late in life that the muscular development necessary to let their full quota of music ring out with joy, could not be attained. A year's happiness cannot be attained in a short time near the year's close.

"What shall I wish you?  
A flowery path and cloudless sky?  
Nay, not these; for clouds must come and flowers die.  
But courage to meet life's woes;  
A brave stout heart till life shall close.  
And a home at last on that happy shore, where flowers fade not.  
Can I wish you more.

Most girls don't worry about the  
 shortage of men. It's the surplus of  
 women that really has them on the  
 jump!

The roar of an aircraft engine  
 during ground test can rattle  
 windows and nerves for blocks  
 around. So we're glad to report  
 that aluminum has turned up  
 as a noise-absorbing "honey-  
 comb" in an aircraft company's  
 test-cell. Hundreds of aluminum  
 tubes of differing diameters and  
 lengths, filled with absorbent,  
 sound-buffing material, make up  
 the end walls. And we are  
 told that by the time the giant  
 roar has bounced around in these  
 aluminum mazes it comes  
 out the other end thoroughly  
 "baffled" and weakened to a  
 hum. We expect there are lots  
 of aluminum boosters around  
 that factory!

## M.V.B.C. NEWS

(From Our Own Correspondent)

(Intended for last week)  
 Mrs. Marie Kagey, Dean of Women,  
 and Miss Marlene Sharnan, piano  
 teacher, left for their homes at the  
 coast on Thursday noon. It was re-  
 ported that their train was very late  
 in Calgary so they would be delayed  
 somewhat on their journey. They  
 will return the beginning of January.  
 President and Mrs. Taylor left on  
 Thursday afternoon for Edmonton  
 where they will spend Christmas  
 with Mrs. Finlay and other relatives.  
 The children had their Christmas  
 Tree at home before they left, and  
 how their eyes sparkled!

On Wednesday evening the fac-  
 ulty and students of the College held  
 their annual Christmas party in the  
 College dining room. A beautiful  
 tree was prepared, and Earl Reimer,  
 Chairman of the Social-Recreation  
 Committee was in charge of the pro-  
 gram. Games introduced the even-  
 ing. Ormand Sherrick led the  
 group in carols throughout the eve-  
 ning at intervals. Mr. Peter Waldin  
 presented his original play "A Son  
 is Given." It was well done and  
 every one appreciated this talent as  
 the speech class presented it. Mr.  
 Waldin also gave a humorous read-  
 ing, and Earl Reimer and David Ar-  
 cher presented an original skit full of  
 fun and humor. Mrs. Gladys Eby,  
 faculty advisor of the social-recrea-  
 tion Committee, brought the devo-  
 tional message from Philippians 2.  
 A splendid lunch was arranged and  
 every one enjoyed it greatly. How-  
 ever, Santa Claus also arrived. He  
 was jolly as usual, and with many  
 "Santa-like" remarks presented the  
 gifts that had been placed under the  
 well-lighted trees. Of course the  
 students enjoy the humor of Santa  
 throughout the entire winter as he  
 presides under different circum-  
 stances in the main office of the  
 College, and the classes in Greek  
 and Psychology. Oh, dear, now I  
 did tell!

Students have scattered to the  
 four corners of the Province since  
 school closed. We do hope they won't  
 be snowed in, and will return on the  
 dot, January 3 at 9 a.m. But we'll  
 wait and see.

Miss Gladys Eby spent Christmas  
 with her sister in Red Deer, Mrs.  
 Anne Aitken. She also visited her  
 nephew and his family, Dr. Arnold  
 Aitken, President of C.N.C. She  
 had Christmas dinner with Mr. and  
 Mrs. Elvin Hallman, a niece of hers.  
 She returned to the College Wed-  
 nesday to resume her office duties  
 in the College.

Mrs. Suder and Lois, and Miss Eby  
 were guests at the Danish Christmas  
 Eve celebrated at the Ira Stauffer  
 home on Saturday evening. This is  
 always a time of real family get-to-  
 gether. There came Rev. and Mrs.  
 Dedels and family of Sundre; Mrs.  
 Olga Neilson, from Calgary along  
 with Mr. and Mrs. Albert Karr and  
 family; Mr. and Mrs. Sam Eby and  
 Hazel, who has recently returned  
 from the mission field in Mexico;  
 Rev. and Mrs. Chris Hedegard and  
 family; and Mr. and Mrs. Arthur  
 Eby. Mrs. Stauffer, Mrs. Dedels, Mrs.  
 Eby and Mrs. Karr are sisters, the  
 daughters of Mrs. Olga Neilson. It  
 is always a happy occasion to be with  
 these fine friends.

The faculty of the College extends to  
 all its readers of this column the  
 Season's greetings for a splendid  
 holiday season. May the New Year  
 bring to each one much happiness  
 and joy, and may each day be full  
 of blessing and inspiration. We  
 trust that prosperity may be your  
 throughout the year.

None of us know what the New  
 Year will bring to us. We trust that  
 all who read these lines will prosper  
 and have only the bright, good  
 things enter their lives. This world  
 has so much sadness and heart ache,  
 but each one of us can through the  
 year add something of cheer and  
 goodwill to our neighbors and friends,  
 and even reach out to those we  
 do not know and leave a touch  
 of kindness and helpfulness there  
 also. So, Happy New Year every one.

Mr. Mike Knights ably filled

 wish the Season's greetings to the  
 staff of the Didsbury Pioneer and
